संदेश

प्रसन्नता का विषय है कि एम्स, भोपाल द्वारा आपातकालीन चिकित्सा को प्रभावी और कारगर बनाने के उद्देश्य से "आपातकालीन चिकित्सा में नवाचार और उसका प्रभाव" विषय पर इमरजेंसी मेडिसिन सम्मेलन (EMINDIA-2024) आयोजित किया जा रहा है। एम्स,भोपाल का यह आयोजन जनोपयोगी और सराहनीय है।

दुर्घटनाओं, प्राकृतिक आपदाओं तथा अन्य इमरजेंसी स्थितियों में त्वरित और उचित चिकित्सा सेवा प्रदान करना आवश्यक है। चिकित्सक इस तरह की चिकित्सा सेवा प्रदान कर रोगी के अमूल्य जीवन का संरक्षण कर सकते हैं। मध्यप्रदेश सरकार स्वास्थ्य और चिकित्सा सेवाओं को सशक्त करने के लिए निरंतर प्रयासरत है। आपातकालीन चिकित्सा सेवाओं को सुदृढ़ बनाने के लिए चिकित्सालयों में अत्याधुनिक उपकरण उपलब्ध करवाकर चिकित्सकों और संबंधित स्टाफ को उनके उपयोग का प्रशिक्षण भी दिया जा रहा है। इससे आपातकालीन स्थिति में कुशलतापूर्वक इलाज हो रहा है।

मुझे आशा है कि सम्मेलन में वरिष्ठ और अनुभवी चिकित्सकों के विचार-विमर्श से आपातकालीन चिकित्सा सुविधाओं को सशक्त बनाने में सहयोग मिलेगा।

हार्दिक शुभकामनाएँ।

(डॉ. मोहन यादव)

राजेन्द्र शुक्ल
उप मुख्यमंत्री, मध्यप्रदेश

पत्र क्रमांक : 368
दिनांक : 31/07/2024

यह अत्यंत हर्ष का विषय है कि एम्स भोपाल द्वारा आपातकालीन चिकित्सा को प्रभावी और कारगर बनाने के उद्देश्य से **EMINDIA-2024** (इमरजेंसी मेडिसिन सम्मेलन) का आयोजन किया जा रहा है। सम्मेलन का मुख्य विषय 'आपातकालीन चिकित्सा में नवाचार और उसका प्रभाव' अत्यंत प्रासंगिक और महत्वपूर्ण है। आपातकाल में हर क्षण महत्वपूर्ण होता है। समय पर उचित चिकित्सकीय अंतःक्षेप से कई बहुमूल्य ज़िंदगियों का संरक्षण किया जा सकता है।

दुर्घटनाओं, प्राकृतिक आपदाओं अन्य आपातकालीन स्थितियों में त्वरित और सटीक चिकित्सा सेवा प्रदान करना अत्यंत आवश्यक है। इस क्षेत्र में नवीनतम तकनीकों और प्रोटोकॉल का उपयोग करके हम कई अमूल्य जीवन का संरक्षण कर सकते हैं। मरीजों के स्वास्थ्य में तेजी से सुधार ला सकते हैं। एम्स भोपाल का यह आयोजन जनोपयोगी है। इस प्रयास के लिए मैं एम्स भोपाल के सभी चिकित्सकों, शोधकर्ताओं और आयोजकों की सराहना करता हूँ।

मध्यप्रदेश सरकार स्वास्थ्य सेवाओं को सशक्त करने के लिए निरंतर प्रयासरत है। स्वास्थ्य क्षेत्र में अधोसंरचनाओं का सतत विस्तार हो रहा है। शासकीय चिकित्सालय में अत्याधुनिक सेवाओं के साथ चिकित्सा शिक्षा क्षेत्र में नवीन मेडिकल कॉलेज स्थापित किये जा रहे हैं। एम्स भोपाल द्वारा मध्यप्रदेश के विभिन्न जिलों के प्राथमिक स्वास्थ्य केंद्रों के 500 से अधिक डॉक्टर एवं नर्सिंग अधिकारियों को आपातकालीन चिकित्सा संबंधित प्रशिक्षण दिया जा रहा है। हम आपातकालीन चिकित्सा सेवाओं को सुदृढ़ बनाने के लिए अत्याधुनिक उपकरणों के प्रावधान के साथ चिकित्सकीय दल को निरंतर प्रशिक्षित कर रहे हैं। ताकि वे आपातकालीन स्थिति में कुशलतापूर्वक कार्य कर सकें।

मैं पुनः एम्स भोपाल एवं समस्त आयोजकों को इस सम्मेलन की सफलता के लिए शुभकामना देता हूँ। मुझे पूर्ण विश्वास है कि **EMINDIA-2024** सम्मेलन के मंथन से प्राप्त विचार और सुझाव आपातकालीन चिकित्सा को सशक्त एवं और प्रभावी बनाने में सहयोगी होंगे। हम मिलकर मध्यप्रदेश को स्वास्थ्य सेवाओं के प्रदाय में शीर्ष में ले जाएँगे।

शुभकामनाओं सहित

(राजेंद्र शुक्ल)

A Message from the Chief Patron

Dear Attendees,

On behalf of AIIMS Bhopal, it is my great honor to extend a warm welcome to EMINDIA24. As the President of AIIMS Bhopal, I am delighted to greet you at this prestigious event held in the City of Lakes. EMINDIA24 represents a significant milestone in the evolution of Emergency Medicine in India, uniting experts, practitioners, and enthusiasts from across the nation.

We are pleased to host this event, organized under the esteemed aegis of AIIMS Bhopal, WHO Collaborating Center for Emergency and Trauma Care (WHO-CCET), INDUSEM, Gandhi Medical College, Bhopal, and LNCT Medical College, Bhopal.

This conference is a testament to our unwavering commitment to excellence in healthcare education, innovation, and practice. The conference theme addresses critical issues and challenges in emergency medicine—from service planning to outcomes—drawing on the expertise of global professionals from various disciplines. Our aim is to develop comprehensive, effective, and cost-efficient strategies to deliver these services at all levels, improving overall outcomes and reintegrating affected individuals into society as healthy, productive members with a high quality of life.

We hope that all delegates attending the ongoing events will gain valuable scientific knowledge, appreciate our rich cultural heritage, and enjoy the beauty of Bhopal.

Thank you for joining us in Bhopal.

President, AIIMS Bhopal

A Message from the Organizing Chairperson

Dear Colleagues and Friends,

Welcome to EMINDIA24!

As the Organizing Chairperson and Executive Director & CEO of AIIMS Bhopal, I am thrilled to host this landmark conference in our beautiful city. EMINDIA24 is not just an event; it is a celebration of translating research from bench side to bedside in Emergency Medicine. The art of emergency medicine is evolving into a respectable and responsible profession in global healthcare systems. Inspired by lessons learned from the past, experiences with ongoing challenges, and anticipation of future issues, the theme of EMINDIA24 was conceived.

The program is designed to sensitize professionals from various disciplines to adopt a positive attitude towards selfless service and to address solutions for adapting to the continual updates and changes occurring globally. Our vision is to work towards "One State, One Health" and, in collaboration with global partners, expand to "One World, One Health." We aim to foster the concept of "One World, One Health, One ER" through global and extended partnerships encompassing all components of system management.

This year, we will host an exceptional lineup of workshops, symposia, and talks covering a wide spectrum of topics critical to our field. We are fortunate to have some of the brightest minds in Emergency Medicine sharing their knowledge and experiences with us.

Your active participation and enthusiasm will make EMINDIA24 a dynamic and enriching experience. Together, we will push the boundaries of what is possible in Emergency Medicine and pave the way for future innovations.

Thank you for being a part of this journey. Let us make EMINDIA24 a memorable and impactful conference.

Executive Director & CEO, AIIMS Bhopal

A Message from the Chief Academic Director

Dear Delegates and Guests,

It is with immense pleasure that I welcome you to EMINDIA24. As the Founding President of the Academic College of Emergency Experts in India, I am proud to be part of this landmark event that brings together the brightest minds in Emergency Medicine.

For two decades, EMINDIA has been at the forefront of advancing Emergency Medicine in India, fostering education, innovation, and collaboration. The Mega Conference of Emergency Medicine in India, EMINDIA24, will be held in Bhopal, Madhya Pradesh, in collaboration with AIIMS Bhopal, WHO Collaborating Center for Emergency and Trauma Care (WHO-CCET), INDUSEM, Gandhi Medical College, Bhopal, and LNCT Medical College, Bhopal.

The aim of this conference is to facilitate the development of a global emergency medicine ecosystem, involving partners from academia, industry, government, and multilateral and bilateral organizations. These collaborations will provide critical insights for designing and implementing emergency medicine services across continents and geographical areas.

We have meticulously planned an array of workshops, symposia, plenary sessions, CME sessions, and EPICON 2024. Highlights include keynote addresses, skill-enhancement workshops, and discussions on cutting-edge topics in emergency medicine, all aimed at improving patient care and safety.

Thank you for joining us in Bhopal. Together, let us make EMINDIA24 a beacon of excellence and a platform for groundbreaking advancements in Emergency Medicine.

Chief Academic Director, EMINDIA24

A Message from the Scientific Committee

Dear Colleagues and Friends,

Welcome to EMINDIA24!

Our committee has curated a program that highlights the latest advancements in Emergency Medicine. This year's scientific program is designed to showcase the latest research, innovations, and best practices. We have a series of pre-congress workshops, including POCUS - Shock in EM, POCUS - ECHO in EM, Emergent Thoracotomy, and Bronchoscopy in EM, which will provide hands-on training in critical areas of Emergency Medicine. These workshops, based on our experts' vast experiences, aim to enhance your practical skills and knowledge, preparing you for diverse challenges in Emergency Medicine.

In addition to these academic events, we have incorporated the WHO-CCET National Consultation Meeting into the pre-conference activities. Led by the WHO Collaborating Centre for Emergency & Trauma Care (WHO-CCET) in the South East Asia Region, this meeting will bring together national and international experts to discuss strategies and solutions for improving patient safety and care efficiency in crowded emergency settings.

We believe the scientific program will foster engagement, and your contributions will make this conference truly special.

Thank you for joining us in Bhopal for EMINDIA24.

On behalf of the Scientific Committee, EMINDIA24

A Message from the Organizing Committee

Dear Participants,

Welcome to EMINDIA24!

It is both a great honor and immense pleasure to extend a warm welcome to all participants joining us in Bhopal for this major event addressing the challenges in Emergency Medicine. EMINDIA24 offers a diverse array of scientific platforms where speakers, experts, and participants can share their experiences and learn about the latest advancements in the field.

Participants are the cornerstone of any conference's success. We encourage you to get involved and engage actively to make the most of the learning opportunities available. We sincerely thank all our delegates who have dedicated their time and expertise to make this event meaningful.

Our team has worked diligently to develop a program that includes a wide range of workshops, symposia, and expert talks, all aimed at enhancing your knowledge and skills. Additionally, the Department of Trauma & Emergency Medicine, AIIMS Bhopal, in collaboration with the Bhopal Bicycle Rider's Group, is organizing CYCLOTHON 2024 and Basic Life Support Training as part of EMINDIA24. This initiative aims to raise awareness and support survivors of trauma through community engagement. We invite you to join us in promoting this noble cause and learning life-saving skills, including Adult and Child CPR.

We are pleased to present a uniquely designed scientific schedule and innovative event management process crafted by our expanded team of experts. It is a pleasure to recognize the efforts of all colleagues—including faculty members, students, sponsors, and numerous other stakeholders—who have contributed to this event with creativity and dedication.

This conference provides an excellent opportunity for delegates to engage with renowned international and national emergency care experts. We hope that by the end of the event, the activities and discussions will inspire further academic pursuits and contribute to evidence-based practices in emergency medicine.

We extend our deep gratitude to all members of the various committees for their support, innovation, and commitment to excellence.

Thank you for being here and contributing to the success of EMINDIA24.

On behalf of the Organizing Committee, EMINDIA24

Welcome to EMINDIA24!

Dear Participants, Esteemed Colleagues, and Distinguished Guests,

We are delighted to welcome you to EMINDIA24, the Annual Emergency Medicine Conference in India, taking place from August 7th to 11th, 2024. This year's conference promises to be a groundbreaking event, bringing together experts, practitioners, and innovators to advance the field of emergency medicine.

Emergency medicine is crucial as it forms the frontline of healthcare, providing critical care in times of crisis and saving lives through rapid and effective intervention. The ability to respond swiftly and efficiently to emergencies is vital for improving patient outcomes and ensuring community safety.

As proud sponsors of this prestigious event in collaboration with AIIMS Bhopal, LN Medical College and LNCT University are honored to support this vital gathering. Our institution is dedicated to nurturing skilled doctors who serve as beacons of hope and care in our communities. Through our collaborative efforts with AIIMS Bhopal, we are committed to advancing emergency medicine and contributing to this essential social cause.

We would like to extend our best wishes to all participants and staff involved in this conference. Your dedication and passion drive progress and innovation in the field, and we are excited to be part of this journey with you.

L. N. Medical College, Bhopal is hosting the workshop- Skills Mela on August 8th, where we engage in hands-on learning and skill-building sessions designed to enhance our collective expertise.

Thank you for being part of EMINDIA24. Together, we are making a significant impact on emergency medicine and patient care.

Warm regards,

Dr. Anupam Chouksey
Secretary - LNCT Group
Pro-Chancellor - LNCT University

Abstract Title

1. An ovarian mass-induced psychosis !!!

Abstract Type

Case Based Learning

Presenting Author

Dr. Ruksana Nizar

Current Role

Resident in Emergency Medicine

Topic Covered

Neurological Emergencies

Abstract Title

2. " Unexpected cardiac crisis: Anterior wall MI pancreatic neuroendocrine tumor

Abstract Type

Case Based Learning

Presenting Author

Dr. Rohan Prajapati

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Shreyas Kalidas patel,Dr.A.K.Saxena,Dr.Nimesh Malaviya, Dr.Niraj Shah

Topic Covered

Cardiovascular Emergencies

Abstract Title

3. "Hidden Face of Varicella"

Abstract Type

Case Based Learning

Presenting Author

Dr.Aravind R D

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

4. "Rare Neurological Complication: Ischemic Stroke in Aluminum Phosphide Poisoning"

Abstract Type

Case Based Learning

Presenting Author

Dr. Ankush Poonia

Current Role

Resident in Emergency Medicine

Co-authors

1) Dr. Shailendra Singh, 2) Dr. Sumit Shukla

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

5. "Syncope and Shock: Uncovering Adrenal Insufficiency"

Abstract Type

Case Based Learning

Presenting Author

Dr. Rakesh GS

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

Dr. Abhishek

Topic Covered

Endocrine Emergencies

Abstract Title

6. " Blue Crisis: A rare Case of Acute Copper Sulfate Poisoning in ED."

Abstract Type

Case Based Learning

Presenting Author

Dr. Vipul Choudhary

Current Role

Resident in Emergency Medicine

Co-authors

Dr Shuchita vaya , Dr Chetan Choudhary

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

7. “Aberrant but not so Apparent” --- WPW syndrome masking as ACS.

Abstract Type

Case Based Learning

Presenting Author

Dr.Kotaru.Pardhasaradhi

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Siddhartha Mishra, Dr.Tapan Kumar Ray

Topic Covered

Cardiovascular Emergencies

Abstract Title

8. “De novo movement disorder in uncontrolled hyperglycemia-diabetic striatopathy is the hidden enigma

Abstract Type

Case Based Learning

Presenting Author

Dr. AKILA THIAGARAJAN

Current Role

Resident in Emergency Medicine

Topic Covered

Neurological Emergencies

Abstract Title
9. “Googly in the ED” – When eyes are the windows to the diagnosis
Abstract Type
Case Based Learning
Presenting Author
Dr. Rohan Mahesh
Current Role
Resident in Emergency Medicine
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
10. • "Cloaked in Complexity: Yamaguchi Syndrome and NSTEMI"
Abstract Type
Case Based Learning
Presenting Author
Mohammed Arif Abdul Salam
Current Role
Resident in Emergency Medicine
Topic Covered
Cardiovascular Emergencies

Abstract Title
11. A Cartap Poison Patient Presented To ED Intubated Outside Hospital With Shock
Abstract Type
Case Based Learning
Presenting Author
Dr. Milan Varghese James
Current Role
Resident in Emergency Medicine
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
12. A case of AF with WPWwith FVR
Abstract Type
Case Based Learning
Presenting Author
Dr. B. Sai Pavan
Current Role
Resident in Emergency Medicine
Topic Covered
Cardiovascular Emergencies

Abstract Title

13. A case of Euglycemic Diabetic Ketoacidosis (EDKA) in a patient treated with Canagliflozin

Abstract Type

Case Based Learning

Presenting Author

Dr.Sudhir singh chandel

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Sumit shukla,Dr.shailendra singh

Topic Covered

Endocrine Emergencies

Abstract Title

14. A case of a successful outcome from extreme acidosis with an initial pH of 6.574 to good neurological recovery by effective resuscitation.

Abstract Type

Case Based Learning

Presenting Author

Dr. D. Kavin

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

15. A case series on 2,4-d amine poisoning

Abstract Type

Case Based Learning

Presenting Author

Dr. Merin John

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

16. A Heart In Distress

Abstract Type

Case Based Learning

Presenting Author

Dr. Shivesh Anurag

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

17. A Misleading Presentation Of Aortic Dissection- A Case Report

Abstract Type

Case Based Learning

Presenting Author

Dr. Siktha Purkait

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

18. A Rare Case Of Myocardial Infarction

Abstract Type

Case Based Learning

Presenting Author

Dr.Malavath Mahender

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

19. A Rare Case Presentation Of Sickle Cell Crisis

Abstract Type

Case Based Learning

Presenting Author

Dr Madhuri Jadhav

Current Role

Resident in Emergency Medicine

Co-authors

Dr Madhuri Jadhav

Topic Covered

Cardiovascular Emergencies

Abstract Title

20. A Rare Case Presentation of Vasculo-toxic Snake Bite versus Anaphylactic Shock

Abstract Type

Case Based Learning

Presenting Author

Dr Shubhi Shubhangi Bhatnagar

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

21. A Rare Presentation of severe chest pain in 3rd trimester of pregnancy

Abstract Type

Case Based Learning

Presenting Author

Dr.Prabhash Ranjan

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

22. A Stroke of Uncommon Origin: Young Patient's Stroke Unveils Polycythemia from Hidden Renal Cell Carcinoma

Abstract Type

Case Based Learning

Presenting Author

Dr. Tanyeem Ur Rahman

Current Role

EM Doctor (Not in a formal training program)

Topic Covered

Neurological Emergencies

Abstract Title

23. Aberrant vessels of the forearm – A case series

Abstract Type

Case Based Learning

Presenting Author

Dr Vineeth Chandran K P

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Cardiovascular Emergencies

Abstract Title

24. Accidental poisoning by oil used for stretch marks reduction.

Abstract Type

Case Based Learning

Presenting Author

Dr. Satvika Taneja

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr Abhijeet Saha, Dr Harish Kumar Pende

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

25. Acute Onset Visual Loss In The Emergency Department

Abstract Type

Case Based Learning

Presenting Author

Dr.Anjali S

Current Role

Resident in Emergency Medicine

Topic Covered

EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

26. Acute proptosis following blunt head injury surgical emergency

Abstract Type

Case Based Learning

Presenting Author

Dr Saroj Gupta

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

RajaMathangi sunder

Topic Covered

EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

27. acute stridor managed with awake video laryngoscopy technique in the lateral decubitus position

Abstract Type

Case Based Learning

Presenting Author

Dr. Anshu Priyanka Lakra

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. Anirudh Elayat

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

28. Addressing Atonic Postpartum Hemorrhage in Preterm Twins: Nursing Strategies

Abstract Type

Case Based Learning

Presenting Author

Dr. Deviga T

Current Role

Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)

Co-authors

Ms. Neha Sharma

Topic Covered

Obstetrics and Gynaecology Emergencies

Abstract Title

29. AIHA Mimics Transfusion Reaction - Rituximab to the Rescue (A diagnostic dilemma)

Abstract Type
Case Based Learning
Presenting Author
Dr Parit Arora
Current Role
Resident in Specialty Other Than Emergency Medicine
Topic Covered
Haematologic and Oncological Emergencies

Abstract Title

30. Altered Minds: An Unseen Battle

Abstract Type
Case Based Learning
Presenting Author
Dr Gaurav Dugar
Current Role
Resident in Emergency Medicine
Topic Covered
Neurological Emergencies

Abstract Title

31. Aluminum poisoning with Potash Alum presenting with angioedema and rhabdomyolysis without neurological damage: a case report.

Abstract Type
Case Based Learning
Presenting Author
Dr. Zainab Mehdi
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Dr Saurabh Ranjan Parija, Dr Sakthivel, Dr Abhay Raj Yadav
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title

32. An elderly Man with Atrial fibrillation in ER - A case vignette

Abstract Type
Case Based Learning
Presenting Author
Dr. Varshini D R
Current Role
Resident in Emergency Medicine
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title

33. An interesting case of a self-inserted urethral foreign body in a young male

Abstract Type

Case Based Learning

Presenting Author

Dr. Neha Yadav

Current Role

Resident in Emergency Medicine

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

34. An Interesting Case of Quadriparesis -Thyrotoxic Hypokalaemia Periodic Paralysis (THPP)

Abstract Type

Case Based Learning

Presenting Author

Dr Naveen Gamini

Current Role

Resident in Emergency Medicine

Co-authors

Gireesh Kumar KP, Sreekrishnan TP, Sabareesh P

Topic Covered

Endocrine Emergencies

Abstract Title

35. An Unanticipated Diagnosis in Patient with Blunt Trauma Chest

Abstract Type

Case Based Learning

Presenting Author

Dr. Sunkari Sri Hari Babu

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

36. Anaphylactic Shock Following Hymenoptera Sting in a Previously Asymptomatic Adult

Abstract Type

Case Based Learning

Presenting Author

Dr. Ravi Anand

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

37. Anesthetic Management of a Patient with Complete Tracheal Rupture Following a Clothesline Injury

Abstract Type

Case Based Learning

Presenting Author

Dr. Ankita

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. Harish Kumar, Dr. Mohd Yunus

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

38. Basal ganglia infarct following trauma- Mineralising Angiopathy- A case report

Abstract Type

Case Based Learning

Presenting Author

Dr.Soorya Suresh

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

39. Beyond the obvious: The role of pocus in timely diagnosis of traumatic lens dislocation

Abstract Type

Case Based Learning

Presenting Author

Dr Mamatha Mohan

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

40. Block the storm

Abstract Type

Case Based Learning

Presenting Author

Dr. Sahana Twinkle K.

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rahul Rohan M.

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

41. Blue Mystery Syndrome

Abstract Type

Case Based Learning

Presenting Author

Dr.Alfaz Jargela

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Alfaz S Jargela,Dr.Shreyas K Patel, Dr.A K Saxena, Dr.Nimesh B Malaviya

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

42. Breathlessness in High Altitude is not always HAPE

Abstract Type

Case Based Learning

Presenting Author

Dr. Rohini Kumari

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

43. Calcium Chaos

Abstract Type

Case Based Learning

Presenting Author

Dr Yashas A S

Current Role

Resident in Emergency Medicine

Co-authors

Dr Siddhartha Mishra, Dr Tapan Kumar Ray

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

44. Cardiac Conundrum: Overcoming Beta Blocker and Dapagliflozin Toxicity in ACS

Abstract Type

Case Based Learning

Presenting Author

Arihant Jain

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Swetha Ramesh, Dr. N Balamurugan

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

45. Case of Cypermethrin poisoning manifesting with asymptomatic bradycardia

Abstract Type

Case Based Learning

Presenting Author

Ashwin S Raj

Current Role

EM Doctor (Not in a formal training program)

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

46. Case of encephalopathy post snake bite

Abstract Type

Case Based Learning

Presenting Author

Dr.Lakshay Khatri

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

47. Case Report on a classic presentation of Tetanus-lesser seen known more since the widespread use of the vaccine

Abstract Type

Case Based Learning

Presenting Author

Dr. Shah Vraj Pragneshkumar

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Shehtaj Khan

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

48. Case Study: Acquired Hemophilia A in an Elderly Male – Emergency room Diagnosis and Management

Abstract Type

Case Based Learning

Presenting Author

Dr. Yasmee

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr Rajnish Joshi, Dr Mahadev Meena

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

49. Child With Multiple Organ Dysfunction

Abstract Type

Case Based Learning

Presenting Author

Joyce Joseph

Current Role

Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)

Co-authors

S K Mohanasundari, Sanjeeta Dara

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

50. Clinical Examination - Still an Indispensable Tool for Emergency Room (ER) Physician

Abstract Type

Case Based Learning

Presenting Author

Dr. Madhuri Ramesh Dhaware

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rajeshwari Vhora, Dr. Harshad Dongre

Topic Covered

Neurological Emergencies

Abstract Title

51. Common culprit but robbed this time calcium.

Abstract Type

Case Based Learning

Presenting Author

A. Karthikeyan

Current Role

Resident in Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

52. compartment syndrome in neurotoxic snake bite

Abstract Type

Case Based Learning

Presenting Author

Dr Utkarsh Srivastava

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr Shiv Shanker Tripathi

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

53. Complicated Case of Dengue Fever with Hepatic Emergency

Abstract Type
Case Based Learning
Presenting Author
Dr Akash Pawar
Current Role
Specialty Doctor Other Than Emergency Medicine
Co-authors
Dr. Abhishek Singhai, Dr. Mahadev Meena, Dr. Vaibhav Yadav
Topic Covered
Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

54. Deadly Blockage: Unravelling the Mysteries of Superior Mesenteric Artery Thrombosis (SMA)

Abstract Type
Case Based Learning
Presenting Author
Dr Vinay N Kale
Current Role
Resident in Emergency Medicine
Co-authors
Dr Rajeshwari Vhora, Dr Harshad Dongre
Topic Covered
Gastrointestinal Emergencies (medical and surgical)

Abstract Title

55. Deceptive Diagnoses: Guillain-Barré Syndrome, a stroke mimic

Abstract Type
Case Based Learning
Presenting Author
Dr. Anij John
Current Role
Resident in Emergency Medicine
Topic Covered
Neurological Emergencies

Abstract Title

56. Dissecting trauma

Abstract Type
Case Based Learning
Presenting Author
Dr. Ann Susan Kuriakose
Current Role
Resident in Emergency Medicine
Topic Covered
Trauma (Major and Minor)

Abstract Title

57. Disseminated Koch's presenting as acute abdomen: The Great Masquerader

Abstract Type

Case Based Learning

Presenting Author

Dr. Aishwarya Nair

Current Role

Resident in Emergency Medicine

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

58. Evaluation and Management of Foreign Bodies in the Airway. A case report

Abstract Type

Case Based Learning

Presenting Author

Dr Jitendra Kushwaha

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr MD Yunus, Dr Pooja, Dr Anshu, Dr Ankita

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

59. Exploring the Complexities of Antipsychiatric Polypill Overdose: A Multifaceted Examination of Risks, Interventions, and Implications

Abstract Type

Case Based Learning

Presenting Author

Dr. Mahima Nalwaya

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

60. Familial Visceral Myoneuropathy: A rare case of fatal intestinal pseudo-obstruction

Abstract Type

Case Based Learning

Presenting Author

Dr. Kaushiki Raman

Current Role

Resident in Emergency Medicine

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

61. From challenge to success: LMA Management of Anatomically difficult Airways.

Abstract Type

Case Based Learning

Presenting Author

Dr.S.Madhura Geetha.

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

62. From pale to hale, it's a simple tale

Abstract Type

Case Based Learning

Presenting Author

A. Karthikeyan

Current Role

Resident in Emergency Medicine

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

63. From Prawns to Pons-An unusual riveting presentation in the Emergency Department

Abstract Type

Case Based Learning

Presenting Author

Dr. Advithi S

Current Role

Resident in Emergency Medicine

Co-authors

Dr Manisha Vyas, Dr Lavanya

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

64. From STEMI To Rupture: A Cardiovascular Crisis

Abstract Type

Case Based Learning

Presenting Author

Dr. Sai Krishna M

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

65. Haematological Havoc- Thyroid Storm Mimicking Carbimazole Triggered Pancytopenia

Abstract Type

Case Based Learning

Presenting Author

Dr. Diya Ann Varghese

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Satyabrata Guru

Topic Covered

Endocrine Emergencies

Abstract Title

66. Half and Half - Unravelling the neurological paradox

Abstract Type

Case Based Learning

Presenting Author

Dr. J.Thene Mukil

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

67. Heat Stroke: Know the Signs, Save a Life

Abstract Type

Case Based Learning

Presenting Author

Dr. Lakshya Verma

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

68. Hellp Syndrome With Hemorrhagic Shock – Managed With Multi-Disciplinary Team Approach

Abstract Type

Case Based Learning

Presenting Author

Dr. Aditya Ganvir

Current Role

Resident in Emergency Medicine

Co-authors

Dr SAGAR SINHA, Dr DATTATRAY BHUSARE

Topic Covered

Obstetrics and Gynaecology Emergencies

Abstract Title

69. Hiccup: 'The heart' calling

Abstract Type
Case Based Learning
Presenting Author
Dr Manisha Priyadarshinee
Current Role
Resident in Emergency Medicine
Topic Covered
Cardiovascular Emergencies

Abstract Title

70. High Anion Gap Refractory Metabolic Acidosis Secondary To Unknown Poisoning.

Abstract Type
Case Based Learning
Presenting Author
Dr. KRISHNA MOORTHY DGSR
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

71. Horse Bite: An unusually encountered animal bite in Emergency Department - Case report & Review of the literature.

Abstract Type
Case Based Learning
Presenting Author
Dr Arsha Rai
Current Role
Resident in Emergency Medicine
Co-authors
Dr. Shehtaj Khan
Topic Covered
Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

72. Hypocalcemia-Induced Laryngeal Edema in a CKD Patient: A Rare but Critical Complication

Abstract Type
Case Based Learning
Presenting Author
Dr. PRAVEEN KUMAR YADAV
Current Role
Resident in Emergency Medicine
Co-authors
Dr. Biswaranjan Samal
Topic Covered
EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

73. Implantable Cardioverter Defibrillator (ICD) failure- challenge for Emergency Room (ER) Physician

Abstract Type

Case Based Learning

Presenting Author

Dr. Madhuri Ramesh Dhaware

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rajeshwari Vhora, Dr.Harshad Dongre

Topic Covered

Cardiovascular Emergencies

Abstract Title

74. Indian Common Krait Envenomation –The Dark Knight

Abstract Type

Case Based Learning

Presenting Author

Dr.Shruti Jain

Current Role

Resident in Specialty Other Than Emergency Medicine

Co-authors

Dr.Neha Thakur Rai

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

75. Intracerebral Bleeding and Massive Pericardial Effusion as Presenting Symptoms of Myxedema Crisis

Abstract Type

Case Based Learning

Presenting Author

Dr.Alfaz Jargela

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Shreyas K Patel,Dr A K Saxena,Dr.Nimesh B Malaviya,Dr.Niraj Shah

Topic Covered

Endocrine Emergencies

Abstract Title

76. Isolated ST Elevation: should code STEMI be activated?

Abstract Type

Case Based Learning

Presenting Author

Dr. Jitesh Sethi

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

77. Jandar dhuan oil poisoning

Abstract Type

Case Based Learning

Presenting Author

Dr.Ashida N V

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

78. Late Vitamin K deficiency bleeding resulting in Intra-cranial hemorrhage and Uncal herniation

Abstract Type

Case Based Learning

Presenting Author

Dr. Rudrani Goswami

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

79. Life on the Edge: Navigating the Challenges of Cut-Throat Injuries

Abstract Type

Case Based Learning

Presenting Author

Dr Vinay N Kale

Current Role

Resident in Emergency Medicine

Co-authors

Dr Rajeshwari Vhora, Dr Harshad Dongre

Topic Covered

EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

80. Metal rod penetration in the neck at the level of the submandibular region

Abstract Type

Case Based Learning

Presenting Author

Vikram Watti

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

81. Methanol Poisoning: A Rare Presentation

Abstract Type

Case Based Learning

Presenting Author

Dr. Merin John

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

82. Methotrexate Malady

Abstract Type

Case Based Learning

Presenting Author

Linu S M

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

83. Mycotic Aneurysm Secondary to Salmonella Paratyphi B Infection

Abstract Type

Case Based Learning

Presenting Author

Dr. Arshad PC

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

84. Navigating Complexity: Hollow Viscus Perforation Coexisting with Acute Myocardial Infarction

Abstract Type

Case Based Learning

Presenting Author

Dr Shruti Rao

Current Role

Resident in Emergency Medicine

Co-authors

1) Dr Shailendra Singh, 2) Dr Sumit Shukla

Topic Covered

Cardiovascular Emergencies

Abstract Title

85. Necrotizing Pneumonia: A Diagnostic Dilemma

Abstract Type
Case Based Learning
Presenting Author
Dr. Alwin K B
Current Role
Resident in Emergency Medicine
Topic Covered
Pulmonary Emergencies

Abstract Title

86. NIV-Not so noninvasive?

Abstract Type
Case Based Learning
Presenting Author
Dr.Jidhin Francis
Current Role
Resident in Emergency Medicine
Topic Covered
Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

87. Nurse performed POCUS for extremities injuries

Abstract Type
Case Based Learning
Presenting Author
Ms Sonali Singh
Current Role
Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)
Co-authors
Dr Tej prakash and Dr.Sanjeev Bhoi
Topic Covered
Musculoskeletal Emergencies

Abstract Title

88. Olanzapine Induced Myxedema Coma

Abstract Type
Case Based Learning
Presenting Author
Vishnu Kuttan
Current Role
Resident in Emergency Medicine
Co-authors
Soorya Suresh
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title

89. Paced & Saved

Abstract Type

Case Based Learning

Presenting Author

Dr. Amal Paul Arackal

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

90. Pediatric Emergencies

Abstract Type

Case Based Learning

Presenting Author

Andrea Elizabeth Cyril

Current Role

Resident in Emergency Medicine

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

91. Pediatric Foreign Body Extraction Using A Simplified Technique.

Abstract Type

Case Based Learning

Presenting Author

Dr. Rakesh Parmar

Current Role

Resident in Emergency Medicine

Co-authors

1) Dr. Shailendra Singh. 2) Dr. Sumit Shukla

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

92. Pedicled osteocutaneous Fibula flap for composite foot defect: a case report

Abstract Type

Case Based Learning

Presenting Author

Dr Vikas Choudhary

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

93. Penile Ring Removal with Iron Saw: A Painful Lesson

Abstract Type

Case Based Learning

Presenting Author

Dr.Dona Nimmy Jais

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rajeshwari Vhora, Dr. Harshad Dongre

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

94. Pheochromocytoma- Unmasked in Emergency

Abstract Type

Case Based Learning

Presenting Author

Sreevidya C M

Current Role

Resident in Emergency Medicine

Co-authors

Dr Rakesh, Dr Abhishek,

Topic Covered

Endocrine Emergencies

Abstract Title

95. POCUS for Rare Diagnosis in Emergency

Abstract Type

Case Based Learning

Presenting Author

Dr Kavin Singla

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

96. Post

Abstract Type

Case Based Learning

Presenting Author

Milan Rabadiya

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Sagar Sinha

Topic Covered

Neurological Emergencies

Abstract Title

97. Primary non-seminomatous germ cell tumor of the kidney: An uncommon renal neoplasm

Abstract Type

Case Based Learning

Presenting Author

Ketan Mehra

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Devashish Kaushal, Sonu Kumar Palash

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

98. Pulse Tapping Artifact- ECG

Abstract Type

Case Based Learning

Presenting Author

Dr Anmol Chanda

Current Role

Resident in Emergency Medicine

Co-authors

Dr Naman Agrawal

Topic Covered

Cardiovascular Emergencies

Abstract Title

99. Purple Urine Bag Syndrome

Abstract Type

Case Based Learning

Presenting Author

Dr Abhishek Rana

Current Role

Resident in Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

100. Refractory Hypoglycemia Causing Irreversible Encephalopathy

Abstract Type

Case Based Learning

Presenting Author

Dr. Deshpande Mandar Mohan

Current Role

Resident in Emergency Medicine

Co-authors

Dr. D.B. Bhusare, Dr. Sagar Sinha

Topic Covered

Endocrine Emergencies

Abstract Title
101. Refractory hypotension in anaphylaxis
Abstract Type
Case Based Learning
Presenting Author
Dr.Bajitha Gopalan G
Current Role
Resident in Emergency Medicine
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title
102. Rescue from Zinc Phosphide Poisoning: Critical Emergency Intervention Saves Patient
Abstract Type
Case Based Learning
Presenting Author
Bhavya
Current Role
Resident in Emergency Medicine
Co-authors
Dr.Mahaveer Rodha ,Dr.Amit Rohila
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
103. Reversible toxic arrhythmia and encephalopathy in Auromine-O poisoning with underlying chronic kidney disease.
Abstract Type
Case Based Learning
Presenting Author
Dr. Shamanth. Y.B
Current Role
Resident in Emergency Medicine
Topic Covered
Cardiovascular Emergencies

Abstract Title
104. Role of Point-of-Care Ultrasound in Emergency Airway Management for Patients with Deep Neck Abscesses Presenting with Respiratory Distress
Abstract Type
Case Based Learning
Presenting Author
Dr. Saurabh Trivedi
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Dr. Pooja Thaware, Dr. Jitendra Kushwaha, Dr. Ankita, Dr. Md Yunus
Topic Covered
Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

105. Secondary Hemophagocytic Lymphohistiocytosis Due to Salmonella Typhi in young- A rare presentation

Abstract Type

Case Based Learning

Presenting Author

Prasad Patil

Current Role

Resident in Specialty Other Than Emergency Medicine

Co-authors

Dr Yasmee khan mam And Dr Prakash Tendulkar sir

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

106. Severity-Based Stepwise Management Of Phenobarbital Overdose

Abstract Type

Case Based Learning

Presenting Author

Dr.MAGISHA VARDHANI R

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

107. Shock In Electric Shock – Reversing the Irreversible

Abstract Type

Case Based Learning

Presenting Author

Dr Rajesh K

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

108. Should All Cases Of Post Vaccination Swelling Be Labelled As AEFI?

Abstract Type

Case Based Learning

Presenting Author

Dr. Shraddha Bhadoria

Current Role

Resident in Specialty Other Than Emergency Medicine

Co-authors

Dr. Neha Thakur, Dr Govind Pandey, Dr Nitesh Pandey

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

109. Silent Threat: Aortic-Enteric Fistula Unveiled as Rare Hematemesis Culprit

Abstract Type

Case Based Learning

Presenting Author

Dr. Srishti Gulati

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Charu Malhotra, Dr. Akshay Kumar

Topic Covered

Cardiovascular Emergencies

Abstract Title

110. Simultaneous bilateral spontaneous pneumothorax: a case report

Abstract Type

Case Based Learning

Presenting Author

Dr Abhishek Rana

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

111. Spinal epidural hematoma – The great mimicker

Abstract Type

Case Based Learning

Presenting Author

Dr Vineeth Chandran K P

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Neurological Emergencies

Abstract Title

112. Spontaneously Resolving Monomorphic Vt In A Young Male Presenting To The Ed

Abstract Type

Case Based Learning

Presenting Author

Dr. Sekhar Jyoti Sharma

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

113. STEMI EQUIVALENT: De Winter’s T wave

Abstract Type

Case Based Learning

Presenting Author

Dr. Chinmay Khadke

Current Role

Resident in Emergency Medicine

Co-authors

Dr Sukdev Nayak

Topic Covered

Cardiovascular Emergencies

Abstract Title

114. Storm after the calm: A case of postpartum atypical Posterior reversible encephalopathy syndrome(PRES).

Abstract Type

Case Based Learning

Presenting Author

Dr. Dimpal Ajaykumar Tanna

Current Role

Resident in Emergency Medicine

Topic Covered

Neurological Emergencies

Abstract Title

115. Surviving the unexpected: Sudden cardiac arrest

Abstract Type

Case Based Learning

Presenting Author

Dr. Yatrik Vasavada

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Nigil kuttan , dr. Aniket Patel, dr. Charuta gadkari , dr. Utkarsh gaur, dr. Aditya pundkar

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

116. Tail triggered turmoil: Subacute intestinal obstruction triggered by buffalo tail

Abstract Type

Case Based Learning

Presenting Author

Deepika Sharma

Current Role

Resident in Emergency Medicine

Co-authors

Dr Sakshi Yadav, Dr Prawal Shrimal

Topic Covered

Trauma (Major and Minor)

Abstract Title

117. Targeting relief: Nerve block therapy for Meralgia Paresthetica in ED

Abstract Type

Case Based Learning

Presenting Author

Dr. Irtiqa Sheikh

Current Role

Resident in Emergency Medicine

Co-authors

Dr Anand K Das, Dr Soorya Suresh, Dr Vishnu K

Topic Covered

Analgesia, Anaesthesia, and Procedural Sedation

Abstract Title

118. TAT for Orthopaedic Emergencies - CBL

Abstract Type

Case Based Learning

Presenting Author

Dr. Anuja Agrawal

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

119. The Unusual Suspects –Foreign Body In Aerodigestive Tract.

Abstract Type

Case Based Learning

Presenting Author

Dr.S.MADHURA GEETHA

Current Role

Resident in Emergency Medicine

Topic Covered

EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

120. The Bubble trouble - a pneumothorax crisis

Abstract Type

Case Based Learning

Presenting Author

Dr Vignesh K P

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

121. The Hidden Clot: Atypical Pulmonary Embolism Uncovered

Abstract Type

Case Based Learning

Presenting Author

Dr. Sai Krishna M

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

122. The PEEPing Tom

Abstract Type

Case Based Learning

Presenting Author

Dr. Midhun Mohan N

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Pulmonary Emergencies

Abstract Title

123. The Thallium Revenge: A case report on attempted homicidal thallium poisoning

Abstract Type

Case Based Learning

Presenting Author

Dr Archana Nair

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

1)Dr. Tej Prakash Sinha (Additional professor, Dept of Emergency Medicine, AIIMS, New Delhi 2) Dr Nayer Jamshed, Additional professor, Dept of Emergency Medicine, AIIMS New Delhi; 3) Dr Upendra Baitha, Additional professor, Dept of Medicine, AIIMS New Delhi

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

124. Tiny Hands, Big Risks

Abstract Type

Case Based Learning

Presenting Author

Jogi Varghese

Current Role

Resident in Emergency Medicine

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

125. To improve the pre-hospital health care bundle compliance provided to critically ill patients presenting to the AIIMS Emergency Department through government-run ambulance services

Abstract Type
Case Based Learning
Presenting Author
Karthikeyan A
Current Role
Resident in Emergency Medicine
Co-authors
Dr. Tej Prakash Sinha , Ms. Neha
Topic Covered
Pre-hospital Care

Abstract Title

126. Toxic Twists: Healing The Healers

Abstract Type
Case Based Learning
Presenting Author
Jaismol James
Current Role
Resident in Emergency Medicine
Topic Covered
Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

127. Trivial trauma causing ICA dissection

Abstract Type
Case Based Learning
Presenting Author
Dr Hariprasath Velmurugan
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Trauma (Major and Minor)

Abstract Title

128. Ultrasound Guided Localisation And Removal Of A Broken Needle From Lateral Aspect Of Right Knee

Abstract Type
Case Based Learning
Presenting Author
Dr.Arun Kumar G
Current Role
Resident in Emergency Medicine
Topic Covered
Trauma (Major and Minor)

Abstract Title
129. Uncovering the unusual: pocus as gamechanger in atrial myxoma masquerading as anemia
Abstract Type
Case Based Learning
Presenting Author
Dr Mamatha Mohan
Current Role
Resident in Emergency Medicine
Topic Covered
Cardiovascular Emergencies

Abstract Title
130. Unmasking Rifampicin as a Rare Cause of Secondary Immune Thrombocytopenia in Tuberculosis Treatment"
Abstract Type
Case Based Learning
Presenting Author
Dr.Hardikkumar Premjibhai Pateliya
Current Role
Resident in Emergency Medicine
Co-authors
Dr.Hardik P. Pateliya,Dr.Shreyas K.Patel,Dr.A.K.Saxena,Dr.Nimesh Malaviya, Dr.Niraj Shah
Topic Covered
Haematologic and Oncological Emergencies

Abstract Title
131. Unseen Threat: Navigating The Dangers of Aluminium Phosphide Poisoning
Abstract Type
Case Based Learning
Presenting Author
Dr.Dona Nimmy Jais
Current Role
Resident in Emergency Medicine
Co-authors
Dr. Rajeshwari Vhora, Dr. Harshad Dongre
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
132. Unveiling the Mimic: Hypocalcemia-Induced Seizures Masquerading as Refractory Epilepsy
Abstract Type
Case Based Learning
Presenting Author
Dr. Aditi Das
Current Role
Specialty Doctor Other Than Emergency Medicine
Co-authors
Dr. Rohit Bhowmick, Dr. Ayan Roy, Dr. Rituparna Manna
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

133. Unveiling the underlying: cerebral infraction reveals an aplastic crisis in a patient with altered sensorium?

Abstract Type

Case Based Learning

Presenting Author

Dr.Harshil Patel

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Shreyas Kalidas Patel,Dr.A.K.Saxena,Dr.Nimesh Malaviya, Dr.Niraj shah

Topic Covered

Neurological Emergencies

Abstract Title

134. Uraemia Presented as Acute Generalised Chorea.

Abstract Type

Case Based Learning

Presenting Author

Dr. Mahadev Meena

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr. Rajnish Joshi, Dr. Yasmee Khan

Topic Covered

Neurological Emergencies

Abstract Title

135. When Cures Hurt: The Unintended Consequences of Antibiotics

Abstract Type

Case Based Learning

Presenting Author

Dr. Greg Paul

Current Role

Resident in Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

136. When Fire and Ice collide

Abstract Type

Case Based Learning

Presenting Author

Dr. Naazia Siddiqua

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

137. Whispering steps: a fever's waddling tail

Abstract Type

Case Based Learning

Presenting Author

Dr Gaurav Dugar

Current Role

Resident in Emergency Medicine

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

138. Conventional vs. Intranasal Midazolam and Intranasal Ketamine: Shifting the Paradigm for Pediatric Elective Procedural Sedation and Analgesia"

Abstract Type

Original Research Work

Presenting Author

Anil K Goel

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Jyothi Lakshmi

Topic Covered

Analgesia, Anaesthesia, and Procedural Sedation

Abstract Title

139. "Emergency Room Insights: Road Traffic Injuries in Puducherry"

Abstract Type

Original Research Work

Presenting Author

Dr. R. Surendar

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

140. "To Study The Utility Of Point Of Care Ultrasound Assisted Reduction Of Long Bone Fractures As Compared To Usual Care

Abstract Type

Original Research Work

Presenting Author

Dr.Arun Kumar G

Current Role

Resident in Emergency Medicine

Co-authors

Dr Meera Ekka

Topic Covered

Trauma (Major and Minor)

Abstract Title

141. “ Comparative Study of ED-SAS & Harmless Acute Pancreatitis Score (HAPS) for predicting prognosis in acute pancreatitis patient in Emergency Department.”

Abstract Type

Original Research Work

Presenting Author

Dr. Vipul Choudhary

Current Role

Resident in Emergency Medicine

Co-authors

Dr Shuchita vaya , Dr Chetan Choudhary

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

142. “A Study Of Clinical Profile And Outcomes In Nste-Acs Patients With Standard Modifiable Vs. Without Standard Modifiable Risk Factors Presenting To Emergency"

Abstract Type

Original Research Work

Presenting Author

Dr. Sreevidya CM

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rahul Choudhary, Dr. Amit Kumar Rohila, Dr. Mahaveer

Topic Covered

Research and Development

Abstract Title

143. A randomized trial of modified Valsalva versus standard Valsalva maneuver for cardioversion in patients with paroxysmal supraventricular tachycardia in emergency department

Abstract Type

Original Research Work

Presenting Author

Dr Sheena Arora

Current Role

Resident in Emergency Medicine

Co-authors

Dr Praveen Agarwal

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

144. A systematic review of Emergency Department Readiness in Low Middle Income Countries.

Abstract Type

Original Research Work

Presenting Author

Dr Charu Malhotra

Current Role

Resident in Emergency Medicine

Co-authors

Ankit Kumar Sahu, Dr Sanjeev Bhoi, Dr Tej Prakash Sinha

Topic Covered

Research and Development

Abstract Title

145. Absolute Lymphocyte Count: A Window to Prognosis in Acute Heart Failure

Abstract Type

Original Research Work

Presenting Author

Dr. Srishti Gulati

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Meera Ekka

Topic Covered

Cardiovascular Emergencies

Abstract Title

146. Acute pain management in Sickle Cell Disease in Adults

Abstract Type

Original Research Work

Presenting Author

Dr. Sowmiyan. B

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Shailendra Singh

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

147. Altered mental status patient correlation of prognosis with Gcs components.

Abstract Type

Original Research Work

Presenting Author

Dr. Abhishek Tiwari

Current Role

Resident in Emergency Medicine

Topic Covered

Neurological Emergencies

Abstract Title

148. An observational study on the relationship between deep vein thrombosis and subsequent pulmonary embolism

Abstract Type

Original Research Work

Presenting Author

Dr Aathika Azhar

Current Role

Resident in Emergency Medicine

Co-authors

Dr Elizabeth Sada

Topic Covered

Cardiovascular Emergencies

Abstract Title

149. An outcome analysis of using free muscle flaps in coverage of foot soft tissue defects: A prospective study

Abstract Type

Original Research Work

Presenting Author

Dr. Vikas Choudhary

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

150. Antibiotics prescription pattern in the Emergency Department of a tertiary care center in Nepal: A descriptive cross-sectional study

Abstract Type

Original Research Work

Presenting Author

Dr. Samjhana Basnet

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

151. Approaches for managing humanitarian logistics

Abstract Type

Original Research Work

Presenting Author

S Venkat

Current Role

Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)

Topic Covered

Trauma (Major and Minor)

Abstract Title

152. Assessment and management of acute traumatic spine injuries. An institutional experience of 243 cases.

Abstract Type

Original Research Work

Presenting Author

Dr. Sumit Raj

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr. Amit Agrawal, Dr Adesh Shrivastava, Dr Pradeep Chouksey, Dr. Rakesh Mishra, Dr Jitendra Shakya, Dr. Nitin Kumar, Dr. Amol Mittal

Topic Covered

Neurological Emergencies

Abstract Title

153. Assessment Of Adrenal Insufficiency in Hemodynamically Unstable Patients Presenting to Emergency Department: A Prospective Observational Study

Abstract Type

Original Research Work

Presenting Author

Bhavya

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Mahaveer Singh Rodha, Dr.Amit Kumar Rohila, Dr.Ankur Sharma

Topic Covered

Research and Development

Abstract Title

154. Bedside Point of Care Ultrasound in Acute Dyspnea Patients in ED

Abstract Type

Original Research Work

Presenting Author

Dr. K.Rajesh Kumar

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

155. BISAP Score versus Neutrophil to lymphocyte ratio in predicting severity of Acute Pancreatitis – A Diagnostic cohort study

Abstract Type

Original Research Work

Presenting Author

Dr. Sunkari Sri Hari Babu

Current Role

Resident in Emergency Medicine

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

156. BREAK-ED TRIAL: Three-pronged versus routine communication strategy in breaking the bad news in ED.

Abstract Type

Original Research Work

Presenting Author

Dr.Anukarthika.S

Current Role

Resident in Emergency Medicine

Co-authors

Dr.Manu Ayyan, Dr.Vikas Menon

Topic Covered

Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

157. Cardiac function as a predictor of outcome in patients with septic shock presenting to an emergency department

Abstract Type

Original Research Work

Presenting Author

Dr. Jabir Majeed MP

Current Role

Resident in Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

158. Cardiovascular Emergencies

Abstract Type

Original Research Work

Presenting Author

Avi Gumber

Current Role

Resident in Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

159. Central Line-Associated Bloodstream Infections In The Emergency Department - A Prospective Observational Study

Abstract Type

Original Research Work

Presenting Author

Dr Arun A M

Current Role

Resident in Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

160. Chief Complaint-Driven Triage System: Predicting 72-Hour adverse outcomes in patients presenting to Emergency Department

Abstract Type

Original Research Work

Presenting Author

Akshay Kumar

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr Niraj Rauniya, Dr Ankit Sahu

Topic Covered

Pre-hospital Care

Abstract Title

161. Chronic kidney disease in pediatric population – Emergency Department presentation: etiology and outcome

Abstract Type

Original Research Work

Presenting Author

Dr. Rudrani Goswami

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

162. Clinical frailty scale as a predictive outcome in a geriatric patient with a lower limb fracture

Abstract Type

Original Research Work

Presenting Author

Dr. Himanshu Solanki

Current Role

Resident in Emergency Medicine

Topic Covered

Research and Development

Abstract Title

163. Clinical Profile Of Hanging Patients, Their Outcome, And Correlation Of Radiographic Imaging With Nexus Criteria

Abstract Type

Original Research Work

Presenting Author

Dr Niraj Kumar Mishra

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

164. Clinical Profile of Patients Requiring Definitive Airway in ED

Abstract Type

Original Research Work

Presenting Author

Dr Ankur Anand

Current Role

Resident in Emergency Medicine

Co-authors

Dr Sakshi Yadav

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

165. Clinico- epidemiological profile of heart failure patients and their 2-dimensional echocardiographic (2-D Echo) correlation, presenting to the emergency room in a tertiary care teaching hospital.

Abstract Type

Original Research Work

Presenting Author

Dr.Dona Nimmy Jais

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rajeshwari Vhora, Dr. Harshad Dongre

Topic Covered

Cardiovascular Emergencies

Abstract Title

166. Clinico epidemiological profiling of chest pain patients

Abstract Type

Original Research Work

Presenting Author

Dr Anmol Chanda

Current Role

Resident in Emergency Medicine

Co-authors

dr nidhi kaeley , dr barun kumar, dr minakshi khapre

Topic Covered

Cardiovascular Emergencies

Abstract Title

167. Clinicoepidemiological profile and factors contributing to late presentation of stroke patients to emergency room (ER) of Tertiary care Teaching Hospital.

Abstract Type

Original Research Work

Presenting Author

Dr.Madhuri Ramesh Dhaware

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Rajeshwari Vhora, Dr. Harshad Dongre

Topic Covered

Neurological Emergencies

Abstract Title

168. Clinicoepidemiological profile of Asthma patients and special reference to Arterial blood gas analysis (ABG) in severe and life-threatening asthma patients presenting to the emergency room of government tertiary care teaching hospital.

Abstract Type

Original Research Work

Presenting Author

Dr Vinay N Kale

Current Role

Resident in Emergency Medicine

Co-authors

Dr Rajeshwari Vhora, Dr Harshad Dongre

Topic Covered

Pulmonary Emergencies

Abstract Title

169. Comparing the efficacy of ESP Block vs Conventional Pharmacotherapy for severe pain management in acute pancreatitis patients presenting to ED

Abstract Type

Original Research Work

Presenting Author

Dr Satyendra Meena

Current Role

Resident in Emergency Medicine

Co-authors

Dr Sanjeev Bhoi, Dr Barada Prasad

Topic Covered

Analgesia, Anaesthesia, and Procedural Sedation

Abstract Title

170. Comparison Of Early Warning Scores In Predicting Mortality In Non-Trauma Patients Presenting To The Emergency Department.

Abstract Type

Original Research Work

Presenting Author

Dr. BL Maneesh Kumar

Current Role

Resident in Emergency Medicine

Co-authors

Dr Balamurugan Nathan

Topic Covered

Research and Development

Abstract Title

171. Comparison between efficacy of intravenous paracetamol and intravenous fentanyl in acute renal colic.

Abstract Type

Original Research Work

Presenting Author

Dr. Mahitha G nambiar

Current Role

Resident in Emergency Medicine

Co-authors

Dr Rahul B

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

172. Comparison of Incidence of Acute Kidney Injury in Patients of Acute Pancreatitis Managed With or Without Thoracic Epidural Analgesia: A Prospective Randomized Control Study

Abstract Type

Original Research Work

Presenting Author

Dr Bikram Gupta

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Soumya Ambli

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

173. Correlation of Serum Biomarker with compartment pressure monitoring in clinically suspected acute compartment syndrome associated with Fracture of the Leg

Abstract Type

Original Research Work

Presenting Author

Dr Saurabh Jha

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Shiv Shanker Tripathi, Dr. Rajiv Ratan Singh Yadav, Dr Utkarsh Srivastav

Topic Covered

Trauma (Major and Minor)

Abstract Title

174. Demographic distribution of trauma-induced coagulopathy in polytrauma patients.

Abstract Type

Original Research Work

Presenting Author

Dr.Eva Mahanta

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

175. Developing an antibiogram based on culture samples of suspected patients of infection presenting to the Emergency Department

Abstract Type

Original Research Work

Presenting Author

Dr. HARIPRASAD

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

Dr Gaurav Rajwanshi, Dr Akshay Kumar

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

176. Diagnostic Accuracy of various prognostication scores in Predicting Mortality Among Traumatic Brain Injury Patients

Abstract Type

Original Research Work

Presenting Author

Dr. YERUVA NIKHIL REDDY

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

177. Diaphragm Ultrasound is a go-to tool during a spontaneous breathing trial.

Abstract Type

Original Research Work

Presenting Author

Dr. Bipenthung N. Jami

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Chandni R.

Topic Covered

Research and Development

Abstract Title

178. Digital Technology Distraction Vs. Emla (Eutectic Mixture Of Local Anaesthetic) During Intravenous Cannulation To Compare Pain Perception In Children -A Quasi-Experimental Cross Over Study

Abstract Type
Original Research Work
Presenting Author
Dr. Shruti Jain
Current Role
Resident in Specialty Other Than Emergency Medicine
Co-authors
Dr. Neha Thakur Rai
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

179. Effective triaging in ED, Before and After Study

Abstract Type
Original Research Work
Presenting Author
Ahongshangbam Pragita Devi
Current Role
Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)
Co-authors
Dr. Nisha Toteja (AP), Dr.(Maj) Milind Chauhan, Dr. Sekharjyoti Sharma (AP), Dr.Sekharjyoti Sarma(AP)
Topic Covered
Research and Development

Abstract Title

180. Effectiveness of Modified Early Warning Score (MEWS) on selected patient Outcomes on adult patients in the emergency department of selected hospital

Abstract Type
Original Research Work
Presenting Author
Tapasi Mandal
Current Role
Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)
Co-authors
Dr. Arin Choudhury, Mrs. Madumita Dey
Topic Covered
Research and Development

Abstract Title

181. Efficacy Of Nebulised Vs. Intravenous Tranexamic Acid In Management Of Non-Massive Haemoptysis: A Randomized Controlled Trial

Abstract Type

Original Research Work

Presenting Author

Dr.Vasudha.D

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

182. Enhancing Emergency Department Triage: Development and Validation of an AI-Based Model for Predicting Triage Categories

Abstract Type

Original Research Work

Presenting Author

Ankit Kumar Sahu

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

Niraj Rauniyar, Charu Malhotra, Akshay Kumar, Praveen Aggarwal, Sanjeev Bhoi, Tej P Sinha, Jamshed Nayer

Topic Covered

Research and Development

Abstract Title

183. Es-SCAPE wars: NTG dosing duel

Abstract Type

Original Research Work

Presenting Author

Dr. Diya Ann Varghese

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Satyabrata Guru

Topic Covered

Cardiovascular Emergencies

Abstract Title

184. Impact of Real-Time Feedback Enabled Monitor on Quality of Cardiopulmonary Resuscitation in Manikin

Abstract Type

Original Research Work

Presenting Author

Dr.G.N.Chavan

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

185. Implementation and effect of Triaging system on patient disposition and length of stay in the Emergency Department

Abstract Type

Original Research Work

Presenting Author

Ahongshangbam Pragita Devi

Current Role

Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)

Co-authors

Dr Nisha Toteja, Dr.(Maj) Milind Chauhan, Dr. Sekharjyoti Sharma

Topic Covered

Research and Development

Abstract Title

186. Inflow and Categorization of Patients Presenting in the Emergency Medicine Department of a Tertiary Healthcare Institute in Central India

Abstract Type

Original Research Work

Presenting Author

Saksham Ambare

Current Role

Medical Student

Topic Covered

Pre-hospital Care

Abstract Title

187. KAP study on oxygen therapy among health care providers.

Abstract Type

Original Research Work

Presenting Author

Dr. Anjali Prakash

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

188. Lactate: The Silent Predictor of Trauma Survival

Abstract Type

Original Research Work

Presenting Author

Dr Uday Krishan

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

189. Liver abscess - clinicomicrobiological correlation

Abstract Type

Original Research Work

Presenting Author

Dr Hamsa C M

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

190. Mild head injury - A clinic radiological study

Abstract Type

Original Research Work

Presenting Author

Dr. Natasha Dhingra

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

191. Mild Head Trauma and impact in return on occupation - A prospective controlled study

Abstract Type

Original Research Work

Presenting Author

Dr. Shirshendu Dhar

Current Role

Resident in Emergency Medicine

Co-authors

Dr. M.S Gopalakrishnan, MS General Surgery. DNB & MCH Neurosurgery, Dr. Balamurgan Nathan, MD Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

192. Optic Nerve Sheath Diameter By Point Of Care Ultrasound To Detect Raised Intracranial Pressure In Children

Abstract Type

Original Research Work

Presenting Author

Dr. VAIBHAV NAGPAL

Current Role

Resident in Specialty Other Than Emergency Medicine

Co-authors

Dr Prerna Batra, Dr Vikram Bhaskar

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

193. Optic Nerve Ultrasound: A Window into Pediatric Intracranial Pressure

Abstract Type

Original Research Work

Presenting Author

Dr. Md Naseem

Current Role

Resident in Emergency Medicine

Co-authors

Dr. Varun Anand, Dr Santosh Ratha, Dr Vijaya Sahu

Topic Covered

Neurological Emergencies

Abstract Title

194. Outcome Of Hfnc In Acute Exacerbation Of COPD Patients

Abstract Type

Original Research Work

Presenting Author

Dr Dinesh Dawar

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

195. Pain-Free Trauma Centre

Abstract Type

Original Research Work

Presenting Author

Dr. Barada Prasad

Current Role

Resident in Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

196. Paraquat poisoning, its clinical presentation, and complications: A case series from a tertiary care hospital in Central India

Abstract Type

Original Research Work

Presenting Author

Dr Hamsa C M

Current Role

Resident in Specialty Other Than Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title
197. Patterns of Acute Poisoning in Emergency Medicine: Intent, Epidemiology, and Outcomes
Abstract Type
Original Research Work
Presenting Author
Dr. Ayushmaan Varyani
Current Role
Medical Student
Co-authors
Dr Ruchi Tandon
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
198. Prolonged capillary refill time as a predictor of mortality post-resuscitation in patients with shock
Abstract Type
Original Research Work
Presenting Author
Dr. Maithili charan
Current Role
Resident in Emergency Medicine
Co-authors
Dr Akshay Kumar
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title
199. Rapidly evaluating prognosis in Sepsis with MEWS and Lactate
Abstract Type
Original Research Work
Presenting Author
Dr. ARAVIND S R
Current Role
Resident in Emergency Medicine
Topic Covered
Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title
200. Revolutionizing Emergency Care: Fast Track System for Swift Management of All Acuity Patients through ER OPD at AIIMS Bhopal
Abstract Type
Original Research Work
Presenting Author
Dr Rashmi Verma
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Dr Bhupeshwari Patel, Dr Md Yunus, Dr Babu Lal
Topic Covered
Research and Development

Abstract Title

201. The DEAD study.

Abstract Type

Original Research Work

Presenting Author

Dr. Nayan Sriramula

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. Murtuza Ghiya

Topic Covered

Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

202. The study of diagnostic characteristics of point of care ultrasound in blunt thoracic trauma patients in a tertiary care center of Northern India: A cross-sectional study

Abstract Type

Original Research Work

Presenting Author

Dr Archana Nair

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

Dr Ramkumar Sreenivasan, Dr Tej Prakash Sinha, Dr Sanjeev Bhoi

Topic Covered

Trauma (Major and Minor)

Abstract Title

203. To Study The Role Of Plasma Cholinesterase And RBC Cholinesterase In Organophosphorus Compound Poisoning In A Tertiary Care Centre

Abstract Type

Original Research Work

Presenting Author

Dr. Rochelle Francis Colaco

Current Role

Resident in Emergency Medicine

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

204. Ultrasound Guided Measurement Of Diaphragmatic Excursion In Patient Present With Respiratory Distress In Emergency Ward

Abstract Type

Original Research Work

Presenting Author

Dr. Sarthak Goyal

Current Role

Resident in Emergency Medicine

Topic Covered

Pulmonary Emergencies

Abstract Title

205. Ultrasound-guided selective peripheral nerve block compared with the sub-dissociative dose of ketamine for analgesia in patients with extremity injuries: An open-label randomized clinical trial

Abstract Type
Original Research Work
Presenting Author
Dr. Jithin Jacob Varghese
Current Role
Resident in Emergency Medicine
Co-authors
Chitta Ranjan Mohanty, Ritesh Panda, Sangeeta Sahoo
Topic Covered
Trauma (Major and Minor)

Abstract Title

206. Vasoactive Ventilation Renal Score as a predictor of adverse outcome in children admitted to pediatric emergency

Abstract Type
Original Research Work
Presenting Author
Dr. Shilpi Chauhan
Current Role
Resident in Specialty Other Than Emergency Medicine
Co-authors
Dr. Prerna Batra, Dr. Vikram Bhaskar
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

207. Exploring Wilderness Medicine: Advancing Emergency Care in India"

Abstract Type
Point of View
Presenting Author
Dr.P.C.Rajeev
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Disaster Management

Abstract Title

208. Conflicts in patient disposition: Whose patient is it anyway???

Abstract Type
Point of View
Presenting Author
Dr. Ruchi Tandon
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Research and Development

Abstract Title

209. The Rise of Occlusion MI: Transforming Myocardial Infarction Diagnosis

Abstract Type
Point of View
Presenting Author
Dr. Varsha S Shinde
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Cardiovascular Emergencies

Abstract Title

210. "Clinical Reasoning in the Emergency Department: A Critical Necessity"

Abstract Type
Point of View
Presenting Author
Dr Rakesh GS
Current Role
EM Doctor (Completed Training, not yet in post)
Co-authors
Dr. Anil, Dr Kailash
Topic Covered
Education

Abstract Title

211. "Heroes on the Frontline: Transforming Pediatric Emergency Outcomes with Pre-hospital Interventions"

Abstract Type
Point of View
Presenting Author
Dr. Nikith Austin D'Souza
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Pre-hospital Care

Abstract Title

212. "Snake-ing Sense of Snakebite": a critical evaluation of SBE

Abstract Type
Point of View
Presenting Author
Siju V Abraham
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Rajeev PC, Vijay Chanchal
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title

213. 'Emergency Airway Management – Essential skill to learn before it perishes!'

Abstract Type
Point of View
Presenting Author
Dr Manpreet Singh
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

214. A Cry for Help in the Pediatric Emergency Room

Abstract Type
Point of View
Presenting Author
Dr Bindu N
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Abuse and Assault

Abstract Title

215. A Prick in Time saves just fine- Let's RACE against Anaphylaxis and be SAFE

Abstract Type
Point of View
Presenting Author
Dr Shahna Ali
Current Role
Specialty Doctor Other Than Emergency Medicine
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

216. ACUTE CARDIOCEREBRAL INFARCTION SYNDROME – Relevance and challenges in the emergency department

Abstract Type
Point of View
Presenting Author
Dr. B.Kanchanamala
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Dr. Radha. S
Topic Covered
Neurological Emergencies

Abstract Title

217. Acute Chest Pain

Abstract Type

Point of View

Presenting Author

Dr. Pritam Singh

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Cardiovascular Emergencies

Abstract Title

218. Advanced Techniques of Defibrillation

Abstract Type

Point of View

Presenting Author

Dr S Prakash Babu

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

219. Approach to patients with fluid overload in acute care settings

Abstract Type

Point of View

Presenting Author

Dr Tarun Sharma

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

nil

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

220. BATTLE score to prognosticate rib fracture and nerve block in ED for rib fractures

Abstract Type

Point of View

Presenting Author

Dr Hariprasath Velmurugan

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title
221. Beyond the Brain: Managing Meningitis
Abstract Type
Point of View
Presenting Author
Dr. Swetha Ramesh
Current Role
Resident in Emergency Medicine
Topic Covered
Neurological Emergencies

Abstract Title
222. Bronchoscopy in emergency department
Abstract Type
Point of View
Presenting Author
Ashwin S Raj
Current Role
EM Doctor (Not in a formal training program)
Co-authors
Dr Tej Prakash
Topic Covered
Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title
223. Capnography- The Newest Vital Sign
Abstract Type
Point of View
Presenting Author
Dr. Shuchita Vaya
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title
224. Care of critically ill patients
Abstract Type
Point of View
Presenting Author
Tanmoy Ghatak
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

225. Contrast in Critically Ill: An Oxymoron

Abstract Type

Point of View

Presenting Author

Dr. Poonam Arora

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Renal and Genitourinary Emergencies

Abstract Title

226. Cracking the Code of Sodium Surge in Pediatric ED

Abstract Type

Point of View

Presenting Author

Abhijeet Saha

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

227. Crush injuries of hand – Management in ED

Abstract Type

Point of View

Presenting Author

Dr. Konda Sireesha

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr Vempalli Nagasubramanyam

Topic Covered

Trauma (Major and Minor)

Abstract Title

228. Current Challenges and Progress in Adult Tetanus in Central India

Abstract Type

Point of View

Presenting Author

Dr. YASMEE

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr Rajnish Joshi, Dr Mahadev Meena, Dr Saurabh Saigal

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

229. Dealing With Ophthalmic Emergencies At The Point Of First Contact: The Trauma Emergency Department!

Abstract Type

Point of View

Presenting Author

Dr Priti Singh

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

EENT (Eyes, Ears, Nose, Throat) Emergencies

Abstract Title

230. Decoding Troponins: Challenges in Diagnosing ACS in CKD Patients in the Emergency Department

Abstract Type

Point of View

Presenting Author

Dr. Kapil Sharma

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Cardiovascular Emergencies

Abstract Title

231. Dexmedetomidine for PSA in Emergency: Evidence and Experience

Abstract Type

Point of View

Presenting Author

Ajay A

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Analgesia, Anaesthesia, and Procedural Sedation

Abstract Title

232. The dilemma faced by ED doctors while reporting medicolegal cases in India- the whys and why-nots

Abstract Type

Point of View

Presenting Author

Dr. SHEHTAJ KHAN

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. SHRUTI DUBEY

Topic Covered

Medicolegal Issues

Abstract Title

233. DKA & HHS In Pediatrics (ISPAD guidelines 2022)

Abstract Type

Point of View

Presenting Author

Dr. Rishabh Pugalia

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Endocrine Emergencies

Abstract Title

234. Does a low GCS mandate intubation in non-trauma patients?

Abstract Type

Point of View

Presenting Author

Dr.SHRUTI DUBEY

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr.Shehtaj Khan

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

235. Drug Addiction

Abstract Type

Point of View

Presenting Author

Dr. Vivek Chauhan

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

236. ED Thoracotomy - The Adrenaline Storm

Abstract Type

Point of View

Presenting Author

Dr. Rakesh GS

Current Role

EM Doctor (Completed Training, not yet in post)

Co-authors

Dr. Sreevidya CM, Dr Marina,

Topic Covered

Trauma (Major and Minor)

Abstract Title

237. Emergency Management of Maxillofacial Trauma

Abstract Type

Point of View

Presenting Author

Dr. Rahul Dubepuria

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr. Deepak Krishna

Topic Covered

Trauma (Major and Minor)

Abstract Title

238. Emergent Fasciotomy: An Immediate Salvage Procedure for Burnt Upper Limbs.

Abstract Type

Point of View

Presenting Author

Dr Abhinav Singh

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr Manal Khan, Dr Ved Prakash Rao

Topic Covered

Trauma (Major and Minor)

Abstract Title

239. Enhancing Emergency Nursing Competencies through Comprehensive Training and Simulation-Based Education in a Tertiary Care Hospital

Abstract Type

Point of View

Presenting Author

Mr. Rabeeshkumar P

Current Role

Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)

Topic Covered

Education

Abstract Title

240. Enhancing Psychiatric Care: Integrating Mental Health Services in the Emergency Department

Abstract Type

Point of View

Presenting Author

Dr Shreyas Patel

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

241. Ergonomics & CPR: A lifesaving duo

Abstract Type

Point of View

Presenting Author

Dr. Nisha Toteja

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

242. Evaluation and Management of Polytrauma in Children Presenting to the Emergency Department in India

Abstract Type

Point of View

Presenting Author

Dr Neha Rai

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

243. Fluid Dynamics: Mastering the Art of Hydration

Abstract Type

Point of View

Presenting Author

Dr. Swetha Ramesh

Current Role

Resident in Emergency Medicine

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

244. Fluid resuscitation in high-voltage electrical burn patients

Abstract Type

Point of View

Presenting Author

Dr Ved Prakash Rao Cheruvu

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Trauma (Major and Minor)

Abstract Title

245. Focussed Airway Sonography in Airway Emergency [e-FASA]: Incognito tool in airway crises management!

Abstract Type

Point of View

Presenting Author

Dheeraj Kapoor

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

246. Fostering Empowerment in the COVID-19 Pandemic

Abstract Type

Point of View

Presenting Author

Dr. Ajay Bahl

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Disaster Management

Abstract Title

247. From scalpel to stethoscope

Abstract Type

Point of View

Presenting Author

Dr. Rajiv Singal

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

248. Guidelines-Based Management of COPD Exacerbation

Abstract Type

Point of View

Presenting Author

Dr. Bharat Bhushan Bhardwaj

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Pulmonary Emergencies

Abstract Title

249. Heat Fleet Feat

Abstract Type

Point of View

Presenting Author

Dr. Umaima Vaseem

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

250. How do I manage acute leukemia in a pediatric emergency

Abstract Type

Point of View

Presenting Author

Narendra Kumar Chaudhary

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

251. Implementation Research and its power to change systems of care

Abstract Type

Point of View

Presenting Author

Dr Manu Ayyan

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Research and Development

Abstract Title

252. Improving Crucial Procedures in Emergency Department Resuscitation Area - Emergency Airway Management and Cardiac Arrest Care

Abstract Type

Point of View

Presenting Author

Dr. Akshay Kumar

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitative Procedures (Airway Management, Cardioversion, Perimortem C-sec, Thoracotomy etc.)

Abstract Title

253. Increase in Hematology and Hepatology Cases in the Emergency Room: Pattern or Chance?

Abstract Type

Point of View

Presenting Author

Dr. Yasmee

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr Rajnish Joshi, Dr Mahadev Meena

Topic Covered

Gastrointestinal Emergencies (medical and surgical)

Abstract Title

254. Infections Presenting with Massive Hemoptysis

Abstract Type

Point of View

Presenting Author

Dr. Suman Thakur

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

255. Initial Assessment and management in trauma

Abstract Type

Point of View

Presenting Author

Dr Ajay Bahl

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

256. Journey from Casualty to Department of Emergency Medicine in a Rural Medical College

Abstract Type

Point of View

Presenting Author

Dr. Manuja

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Education

Abstract Title

257. Managing Pain with sickle cell Disease: ER perspective

Abstract Type
Point of View
Presenting Author
Dr Ramitha R Bhat
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

258. Mountain Medicine: Kedarnath Dham Yathra Experience

Abstract Type
Point of View
Presenting Author
Dr. Nikhil Paul
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title

259. Not all that thunderclaps is SAH

Abstract Type
Point of View
Presenting Author
Dr. Indrani Sardesai
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Neurological Emergencies

Abstract Title

260. Nursing responsibility during mass casualty in the Department of Emergency Medicine

Abstract Type
Point of View
Presenting Author
Swati Yede
Current Role
Other Health Care Staff (e.g., Nurse, Nurse Practitioner, Paramedic)
Topic Covered
Trauma (Major and Minor)

Abstract Title

261. Optimizing Blood Transfusion in Resuscitation: Current Strategies for Trauma, Postpartum Hemorrhage, and Snakebite

Abstract Type

Point of View

Presenting Author

Jidhin Davis

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

262. Phosphine toxicity antidote- can we bridge the gap? Review of available antidotes and management based on evidence.

Abstract Type

Point of View

Presenting Author

Zainab Mehdi

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

263. Pitfalls in the Evaluation and Management of the Trauma Patient

Abstract Type

Point of View

Presenting Author

Dr Vempalli Nagasubramanyam

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. Konda Sireesha

Topic Covered

Trauma (Major and Minor)

Abstract Title

264. Rays of Hope - An ED and "THE CHANGE"

Abstract Type

Point of View

Presenting Author

Dr.Shirshendu Dhar

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Research and Development

Abstract Title

265. Role of Artificial Intelligence in Pediatric Trauma and emergency-present and Future

Abstract Type
Point of View
Presenting Author
Dr. Bhupeshwari Patel
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Co-authors
Dr. Md. Yunus, Dr. Vikram Watti, Dr. Babulal, Dr. Rashmi Verma
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

266. Role of early Cryoprecipate in PPH - the way forward

Abstract Type
Point of View
Presenting Author
Dr Rakesh GS
Current Role
EM Doctor (Completed Training, not yet in post)
Co-authors
Dr. Shiwangini
Topic Covered
Obstetrics and Gynaecology Emergencies

Abstract Title

267. Scan, Diagnose, Dominate: POCUS for acute scrotal pain

Abstract Type
Point of View
Presenting Author
Dr Naman Agrawal
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Renal and Genitourinary Emergencies

Abstract Title

268. Septic shock in children: Choosing the right drug

Abstract Type
Point of View
Presenting Author
Dr. Prerna Batra
Current Role
Specialty Doctor Other Than Emergency Medicine
Topic Covered
Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

269. Severe Iron Deficiency Anemia Presenting With Pancytopenia in Emergency

Abstract Type

Point of View

Presenting Author

Dr. Mahadev Meena

Current Role

Specialty Doctor Other Than Emergency Medicine

Co-authors

Dr. Rajnish Joshi, Dr. Yasmee Khan

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

270. Sleep Hygiene for Sleepless Residents

Abstract Type

Point of View

Presenting Author

Murtuza Ghiya

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Psychosocial Emergencies (Mental Health, Substance use)

Abstract Title

271. SpO2: Beyond the numbers

Abstract Type

Point of View

Presenting Author

Dr Tahir Ali Khan

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title

272. Status of BLS & ACLS knowledge and skills among Indian medical graduates & postgraduates

Abstract Type

Point of View

Presenting Author

Prof. Sandeep Sahu

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Resuscitation (Cardiac Arrest, Anaphylaxis, Life-threatening Arrhythmias, etc.)

Abstract Title
273. Suprascapular magic
Abstract Type
Point of View
Presenting Author
Ashwin S Raj
Current Role
EM Doctor (Not in a formal training program)
Co-authors
Dr Vineeth Chandran, Dr Tej Prakash
Topic Covered
Analgesia, Anaesthesia, and Procedural Sedation

Abstract Title
274. The "Golden Hour" or "Golden Sixty Minutes": Exploring Beyond Trauma Care
Abstract Type
Point of View
Presenting Author
Amit Agrawal
Current Role
EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)
Topic Covered
Pre-hospital Care

Abstract Title
275. The dilemma in administering ASV in VICC - The Rajasthan Variant
Abstract Type
Point of View
Presenting Author
Dr Rakesh GS
Current Role
EM Doctor (Completed Training, not yet in post)
Co-authors
Dr Bhavya , Dr Avanshu
Topic Covered
Toxicology and Environmental Emergencies

Abstract Title
276. AIHA Mimics Transfusion Reaction - Rituximab to the Rescue (A diagnostic dilemma)
Abstract Type
Case Based Learning
Presenting Author
Dr. Parit Arora
Current Role
Resident in Specialty Other Than Emergency Medicine
Co-authors
Prof. Rajneesh Joshi , Dr Mahadev Meena , Dr Yasmee
Topic Covered
Haematologic and Oncological Emergencies

Abstract Title

277. The Mantle

Abstract Type

Point of View

Presenting Author

Dr. Mohammed Haneef M

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

278. Secondary Hemophagocytic Lymphohistiocytosis Due to Salmonella Typhi in young-A rare presentation

Abstract Type

Case Based Learning

Presenting Author

Prasad Maruti Patil

Current Role

Resident in Specialty Other Than Emergency Medicine

Co-authors

Prof.Rajanish Joshi, Dr Yasmee, Dr Mahadev Meena, Dr Prakash Tendulkar

Topic Covered

Infectious Diseases (Sepsis, STIs, Endemics/Pandemics etc.)

Abstract Title

279. Traditional Indigenous medications and lead poisoning

Abstract Type

Point of View

Presenting Author

Dr. Archu M J

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Toxicology and Environmental Emergencies

Abstract Title

280. Transforming Emergency Care: Addressing the Burden of Cancer Patients in Trauma and Emergency Department

Abstract Type

Point of View

Presenting Author

Dr. Pooja Thaware

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Co-authors

Dr. Ankita, Dr. Anshu Priyanka Lakra, Dr. Jitendra Kushwaha, Dr. Saurabh Trivedi, Dr Md Yunus

Topic Covered

Haematologic and Oncological Emergencies

Abstract Title

281. Trauma Resuscitation Updates

Abstract Type

Point of View

Presenting Author

Dr Vimal Krishnan Surendran Pillai

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

282. Use & Misuse Of Proton Pump Inhibitors In Critically Ill Patients Admitted In Emergency Intensive Care Units

Abstract Type

Point of View

Presenting Author

Dr Prof V. N. Mishra

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Education

Abstract Title

283. Use Of Balanced Salt Solution In Pediatric Ed

Abstract Type

Point of View

Presenting Author

Sibabratta Patnaik

Current Role

Specialty Doctor Other Than Emergency Medicine

Topic Covered

Pediatrics (Neonatal, Childhood, Adolescent)

Abstract Title

284. When to transfuse in pediatric trauma

Abstract Type

Point of View

Presenting Author

Dr. Ritu Gupta

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

285. Whose Patient is it?

Abstract Type

Point of View

Presenting Author

Vikram Bhaskar

Current Role

EM Training Program Faculty (Lecturers, Professors, Associate/Assistant)

Topic Covered

Trauma (Major and Minor)

Abstract Title

1. Spontaneous bilateral vertebral arteries and basilar artery dissection as a cause for young stroke – a case report.

Abstract Type

Case Based Learning

Presenting Author

Dr. Balaji N

Current Role

Department of Radio-diagnosis and Imaging, AIIMS Bhopal.

Topic Covered

Miscellaneous

Abstract Title

2. Percutaneous direct puncture glue embolization of post-traumatic hepatic artery pseudoaneurysm

Abstract Type

Case Based Learning

Presenting Author

Dr. Harsha Surana

Current Role

Junior Resident, Department of Radiodiagnosis, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

3. Prophylactic Bilateral Internal Iliac Artery Balloon Placement In The Management Of Placenta Previa Complicated By Placenta Accreta Spectrum Disorders: A Case Presentation of Emergency Department Admission With Profuse Vaginal Bleeding.

Abstract Type

Case Based Learning

Presenting Author

Dr. Sakshi Agrawal

Current Role

Junior Resident, Department of radiodiagnosis AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

4. Post-traumatic- pseudoaneurysm of the proximal arch of the aorta

Abstract Type

Case Based Learning

Presenting Author

Dr. P V Sreekanth

Current Role

Junior Resident, Department of radiodiagnosis AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

5. Traumatic pseudophacocele: a rare clinical entity

Abstract Type

Case Based Learning

Presenting Author

Dr Vidhya Verma

Current Role

Associate Professor Department of Ophthalmology, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

6. Diagnosis and Management of Methyl Isocyanate Poisoning

Abstract Type

Case Based Learning

Presenting Author

Dr. Jitendra Kushwaha

Current Role

Assistant Professor, Department of Trauma And Emergency Medicine, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

7. Pulmonary Thromboembolism aggravating Dyspnoea in Cancer patient

Abstract Type

Case Based Learning

Presenting Author

Dr. Akansha Choudhary

Current Role

Assistant Professor Medical Oncology and Haematology Department

Topic Covered

Miscellaneous

Abstract Title

8. A rare cause of acute dysphagia and stridor

Abstract Type

Poster

Presenting Author

Dr. Raghavendra Kamalesh

Current Role

Department of Radiodiagnosis and Imaging, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

9. Assessment and comparison of Heart Rate Variability (HRV) in coronary artery disease patients receiving Coronary Artery Bypass Graft (CABG) and the effect of yoga nidra intervention on HRV

Abstract Type

Poster

Presenting Author

Dr. Hitha Antony

Current Role

Junior Resident Physiology

Topic Covered

Miscellaneous

Abstract Title

10. Lambert Eaton syndrome: case study

Abstract Type

Poster

Presenting Author

Gaurav Bairagi

Current Role

Junior Resident, Department of Physiology and Critical Care, AIIMS, Bhopal

Topic Covered

Miscellaneous

Abstract Title

11. Massive Transfusion Protocol in Emergency Medicine.

Abstract Type

Poster

Presenting Author

Krishnapriya B L

Current Role

Junior resident transfusion medicine

Topic Covered

Miscellaneous

Abstract Title

12. Role of Medical Officer (dental)in emergency care.

Abstract Type

Poster

Presenting Author

Dr. Anshika Choudhary

Current Role

Medical Officer (Dental) Trauma and Emergency Medicine, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

13. A patient with osteoporotic vertebral body collapse with hypertension (HTN) presented with severe hypercalcemia and ST-segment elevation.

Abstract Type

Poster

Presenting Author

Dr. Sanjay Mandloi

Current Role

Senior resident, General Medicine, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

14. Ophthalmoplegia's Clue: Unseen OSMG in View

Abstract Type

Poster

Presenting Author

Dr Shaurya Tewari

Current Role

Junior resident, General Medicine, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

15. Issue in Relation to Medicolegal Cases Brought to Emergency in a Tertiary Care Centre

Presenting author

Abstract Type

Point of View

Presenting Author

Dr. Niranjan Sahoo

Current Role

Associate professor, Department of Forensic Medicine and Toxicology, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

16. Scope and Opportunity of Artificial Intelligence in Emergency Medicine

Abstract Type: Point of View

Abstract Type

Point of View

Presenting Author

Dr Babu Lal

Current Role

Assistant Professor, Trauma and Emergency Medicine, AIIMS Bhopal, M.P. India

Topic Covered

Miscellaneous

Abstract Title

17. Lesson Learned from Unusual Obstetrics; Gynaecology Emergencies

Abstract Type

Point of View

Presenting Author

Dr Bharti Singh

Current Role

Associate Professor, Department of Obstetrics and Gynecology, All India Institute of Medical Sciences, Bhopal

Topic Covered

Miscellaneous

Abstract Title

18. Management of Acute Burn Injuries

Abstract Type

Point of View

Presenting Author

Prof. (Dr.) Manal M Khan

Current Role

Professor, Department of Burns & Plastic Surgery, AIIMS Bhopal

Topic Covered

Miscellaneous

Abstract Title

19. Massive Transfusion Protocol in Emergency Medicine.

Abstract Type

Point of View

Presenting Author

Dr Babita Raghuwanshi

Current Role

Associate Professor, Department of Transfusion Medicine & Blood Bank, AIIMS Bhopal

Topic Covered

Miscellaneous
